January 7, 1983

Mr. Thomas N. Tetting
Division of Oil, Gas & Mining
4241 State Office Building
Salt Lake City, Utah 84114

Re: Standard I Mine, ACT/037/005;
Happy Jack Mine, ACT/037/024.

Dear Mr. Tetting:

In compliance with Rule M-7, Atlas Minerals hereby gives notice of a temporary suspension of operations at the two above-referenced mines. Operations are expected to be suspended for at least six months, and this suspension is effective immediately.

Please contact me with any questions you may have regarding this matter.

Respectfully,

Ricky J. Broschat

DIVISION OF
OIL, GAS & MINING

HAPPY JACK MINE -- ACT/037/024

1. The 400 scale topo map (Map M-1) submitted on September 6, 1977 with the Mining and Reclamation Plan is the only topographic map readily available for this area. An alternative topo map may be available at a later date if you so request.
2. The portals will be covered or closed to prevent unauthorized or accidental entry and eliminate any safety hazard per Rule M-10(2)(a) and Rule M-10(10).
3. The area of disturbance outlined in yellow on the 100 scale surface map (Map M-2) submitted on September 6, 1977 with the MRP, is the only portion of the Happy Jack Mine site which Atlas has used since the passage of the Mined Land Reclamation Act. All disturbances outside of this yellow area were made prior to the passage of the Act and are not included in the MRP. Consequently, Atlas should only be liable to reclaim the access road and the 9.3 acres within the area outlined in yellow on Map M-2.
4. Atlas concurs with the suggested seeding rate and mix the Division proposed in the letter of March 29, 1979 for the Happy Jack Mine.
5. No annual Operations and Progress Reports have been filed for the years 1977-1980 since the Mining and Reclamation Plan has not yet received approval.
